703-980-7296 / franciscothebrady@gmail.com / [franciscothebrady.github.io](https://franciscothebrady.github.io)

### EDUCATION

Master of Public Policy, University of Michigan, Gerald R. Ford School of Public Policy  
Bachelor of Arts in Economics, Howard University

May 2025  
May 2017

### EXPERIENCE

**Mayoral Fellow**, City of Chicago, Office of the Mayor

June 2024 – Aug 2024

- Coordinated the implementation of an interagency homelessness task force, drafting planning materials, tracking tools, and communications to support cross-departmental efforts
- Led listening sessions Community Service Center management, gathering feedback that led to a redesigned client satisfaction survey in collaboration with Department of Family and Support Services analysts.
- Researched policy and drafted memoranda to support the Mayor's Office of Policy on approaches to increasing equity in municipal fines and fees.

**Research Assistant**, Guaranteed Income to Grow Ann Arbor (GIGA2) Pilot

September 2023

- Enrolled applicants—both in person and virtually—for a guaranteed income Randomized Control Trial (RCT)
- Coordinated with other research assistant team to verify income, residency, and identification documentation for eligible applicants.
- Wrote cleaning code, documentation, and visualization to analyze first-wave survey data, culminating in a baseline report for community service organizations and other researchers.

**Senior Research Analyst**

August 2023

**Lead Research Analyst**, Inclusive Economy Lab – University of Chicago

August 2020 - July 2023

- Test, iterate and implement code with other analysts for sample selection, randomization, analysis, and data management for three basic income randomized control trials (RCTs) in Chicago and Cook County
- Served as lead liaison to All Chicago, coordinating quarterly transfers of data on homelessness services in Chicago and negotiating research Statements of Work.
- Develop and test automated reporting in SQL alongside the data team at All Chicago to improve data quality on homelessness in Chicago.
- Co-designed and deployed a [Housing Stability Dashboard](#), disseminating high-frequency snapshots of leading indicators of housing instability within Chicago to support agencies and non-profit organizations

**Senior Research Assistant**

July 2017 - August 2020

**Research Assistant**, Federal Reserve Board, Research and Statistics Division

- Conducted research related to the US housing market with economists in the Real Estate Finance (REF) section using Stata, R, and other statistical programming languages.
- Aggregated and visualized economic indicators used to inform principals on economic conditions related to the US housing market.
- Wrote, updated, and documented code used to produce data for policy and research.
- Manage and utilize US mortgage data to monitor the lending patterns of financial institutions, including loan-level HMDA, Corelogic, and Equifax data
- Train incoming RAs on section production processes and outputs

**Teaching Assistant**, Howard University

July 2017 - May 2020

- Assist with teaching, content, and curriculum planning for a course on data analysis and economics, a joint project taught at the Federal Reserve
- Mentored and introduced students to the R statistical programming language, and provided guidance on student data science projects for real-world experts like senior government economists.
